## Distinguished Lecture Series

The objective of *Lecture Series (LS) (Boktritamala)* is to inform people regarding the latest knowledge in different academic fields. The lecture series also resist crystallization in the academia, because these lecture series highly encourage academicians (i.e. university teachers) to produce pro-people academic knowledge continuously.

Academics, students, researchers, and mass people benefit from these lectures. For instance, the lecture on *Ecopolitics* (A PhD dissertation) by Professor Tanzimuddin Khan contributed to create eco-consciousness among people. *Banglar Pathshala* has organized the following *Lecture Series (LS)* so far: In the following the table shows our *Lecture Series (Boktritamala) (LS)* in brief details:
